PROFILE

I am an emerging web developer with a drive to learn, and a desire to work in industry. I am completing a Full-Stack Web Development bootcamp with Coder Academy, and I am now searching for opportunities to continue to improve and gain new skills as a developer.

EXPERIENCE

ENGLISH LANGUAGE TEACHER

International House Brisbane - ALS
2017 - Present

- Taught English for general and exam courses to students at all levels.
- Skilled at producing materials that meet International House's high standards for branding and style requirements.
- Developed excellent interpersonal relations with staff and students at the school.
- Worked well in a team environment with teaching and administration staff.

ENGLISH LANGUAGE TEACHER

Kochi Minami High School, Japan
2011 - 2016

- Planned lessons and developed teaching materials for grammar, oral communication, and intercultural communication classes.
- Taught as a lead teacher and as an assistant in a team-teaching environment.
- Coached students for speech and debate contests.
- Organized successful international themed events, English camps, and helped develop a new English room program for the school.

DUTY MANAGER & PROJECTIONIST

Birch Carrol & Coyle Cinemas
2010 - 2011

- Managed the daily operations of a cinema for day/night shifts.
- Learned teamwork, management, and customer service skills.
- Operated complex digital and mechanical equipment with a high skill level and attention to safety.

KEY PROJECTS

BOREDGAMES

<https://bored-games-v2.herokuapp.com/>

- A prototype two-sided marketplace application for users to buy and sell used board games.
- Features include image upload and retrieval via AWS S3, Stripe integration for credit card payments, user authentication with Devise.
- App deployed to Heroku, and created with Ruby on Rails, PostgreSQL database, and Bootstrap.

COLOURS OF KANYE

<https://sensational-granita-0203fd.netlify.app/>

- The App generates a random sample colour scheme for web design projects, and uses random Kanye West quotes and images.
- Tech stack used: HTML, CSS, JavaScript, Web APIs

PORTFOLIO WEBSITE

www.andrewdevitt.com

- A personal portfolio website for myself as an emerging developer
- Tech stack used: HTML, CSS, JavaScript
